STATINTL SUBJECT: Proposed [REDACTED] Study of Scientific Education in USSR

1. The Assistant Director, Office of Scientific Intelligence has submitted the attached proposal and requests approval of \$35,613 for a study on the above subject to be conducted by the [REDACTED]

STATINTL

2. Prior approval by the Projects Review Committee against the fiscal year 1954 [REDACTED] budget covers a total of \$76,830 for a study titled "Social Tensions in Communist China and Sino-Soviet Relationships", therefore the requirement for this new proposal can be readily absorbed in the balance, which would then, if approved, commit a total of \$112,443 for fiscal year 1954.

STATINTL

3. Although sufficient funds to finance this proposal were budgeted for the [REDACTED] program for fiscal year 1954, the present situation will require absorption of this amount, if approved, within the allowances now being developed for the Office of Intelligence Coordination.

STATINTL

4. If approved, use of unvouchered funds is recommended.
